AMERICAN WOMAN FAILS IN ATTEMPT TO SPAN ATLANTIC

By Associated Press.
London, Oct. 13.—The text of the radio message received from the Dutch tanker *Barndrecht*, relayed by the British steamer *Bayano* to the De Vries radio station read:
"Saved crew of the flying engine *NK-1384* from New York to Paris. Both well. Engine destroyed by fire while saving. Trying to land both at the Azores. Position 43.3 North, 21.29 West."
(The word engine was evidently used in place of airplane).
The position is about 350 miles North Northeast of the Azores.

By Associated Press.
Paris, Oct. 13.—Ruth Elder's dream of being the first woman to cross the Atlantic by airplane, has ended somewhere out in the wastes of the Atlantic, but she and her co-pilot, Captain George Haldeman, are safe and sound aboard the steamship *Barndrecht*, which, she radioed the Associated Press today.

The world was anxiously awaiting the word of her after more than forty hours in the air and was beginning to despair of her safety, when a radio message from her was received at the Paris office of the Associated Press.

The position where the landing had been made was not given but was the hour of the rescue stated, but the message apparently was filed this morning.

From the ship's steaming speed and her route it is believed that Miss Elder's plane, the *American Girl*, probably was picked up between 500 and 1,000 miles west of France, probably a few hundred miles north of the Azores.

It is presumed here that the plane was in the air 30 hours, or more, and kept to a fairly direct eastward line, getting into trouble probably soon after turning northeast towards the coast of France.

FATHER CORSICANA MAN DIED SATURDAY WEATHERFORD, TEX

Mr. and Mrs. F. C. Paul and two children, Jack and Marjorie, have returned from Weatherford, where Mr. Paul was called on account of the death of his father, W. W. Paul, aged 71 years, who died in that city Saturday afternoon at 6:20 o'clock.
The funeral took place Sunday afternoon at 4 o'clock from the Central Christian church with burial in Oakland Cemetery, Weatherford.
Mr. Paul is survived by his wife, three children, F. C. Paul, Corsicana; Mrs. J. Fred Wilson, and Yvonne H. Paul, both of Weatherford; two brothers, W. W. Paul, Weatherford, and John Paul, Fayetteville, Ark., and four grandchildren.
He was a pioneer resident of Weatherford where he had resided for nearly forty years. He had many friends in that city who were genuinely grieved by his death as was attested by the large attendance at the funeral, and the many beautiful floral offerings.

CHANGE IN AGENTS DALLAS NEWS AND JOURNAL CORSICANA

The agency for the Dallas Morning News and Dallas Journal for Corsicana has been taken over by Hood Cheney according to a recent announcement. The agency was formerly held by John R. May, Headquarters for the agency will be maintained at McPherson Drug Company where they have been for several years. No change will be made in the personnel of the staff. Mr. Cheney has announced that City circulation will be handled from McPherson Drug Company and the rural circulation will be pushed from the Cheney Grocery Company on North Commerce street. Phone numbers for the agency are 792 and 49.
George Trice, formerly of Corsicana but now of St. Louis, underwent a major operation at the Navarro County Hospital Thursday morning.

RICHLAND ROBBERS MAKE GOOD ESCAPE; BELIEVED SEEN HERE

At press hour Thursday, the trio of bandits who held up and robbed the First State Bank of Richland, Texas, twelve miles south of Corsicana, Wednesday afternoon about 2:10 o'clock has thus far successfully eluded the efforts of the officers of this section of the State. Two of the men entered the bank while no one was in the building with the exception of H. C. Davis, cashier, and Grady Calame, assistant cashier, and at the point of guns, forced the two men into the vault, scooped up \$3,905 and made their escape in a Buick yellow roadster, manned at the curb by another confederate.

Soon the alarm was spread and officers of Navarro and Limestone counties were scouring the country for the bandits. It is thought that the bandits drove directly to Corsicana and then made their escape. One of the city motorcycle traffic cops sighted a car answering the description of the car said to have been used in the hold-up and he gave chase, but was lost by the driver in a zig-zag race through the northwestern portion of the city. The motorcycle cop was after the men because they were speeding, not knowing that the bank had been robbed. It was stated.

It was rumored Thursday morning that the car was later seen heading northward on the Embury road several miles north of Corsicana, but this could not be verified. A Buick roadster answering the description of the bandits' car was reported stolen from Jack Womack, Jr., at Mexia early Wednesday morning. It also was rumored that the three men thought to have been the bandits were seen in Navarro about an hour before the hold-up.

There was one man who walked along close to the bank at the time of the hold-up but he did not know what was happening until the car drove off. The car was in a race on the Richland-Corsicana road by A. A. Allison of Corsicana in Richland creek bottom and it was reported Thursday morning that the car met a truck on the Richland creek bridge and although no truck was already on the bridge, the bandits forced the driver to back off the bridge.

At first, it was thought that the men started toward Corsicana as a ruse and later turned back toward Weatherford, but this is somewhat discounted by the sighting of a car in Corsicana believed to be the one occupied by the bandits.

Deputy Sheriff Rufus Perovich left Corsicana before 2 o'clock but to trace of the car was seen southward, the high-powered car apparently arriving in Corsicana just before he left south or the bandits took another route into town. City and county officers were on the lookout Wednesday afternoon and night and Thursday, county officers extended their search in all portions, being satisfied that the trio are not in Corsicana.

It is not known whether the car went to Dallas, Fort Worth, Waco, Abilene or toward Terrell.

The bank is open for business as usual following the excitement Wednesday. Much excitement was evidenced in Richland as soon as the happening became known. Only a few people were in the business section of the town at the time of the hold-up.

Officers at Rice were notified of the hold-up but no car answering the description of the car passed through there.

It is highly probable that the car, a suspicious Buick will be discarded and another automobile taken.

Another rumor was to the effect that the car thought to be occupied by the bandits was reported to have been seen on the Davis road. Another report heard in Corsicana Thursday was to the effect that an automobile like the missing car was seen in the Wink for community late Wednesday night and the driver stopped and inquired the route to Corsicana, claiming that he had lost his way.

Quite an interesting occurrence was related in Corsicana Thursday with the chief roles being played by well-known local citizens: Warden, Duke Hanson, groceryman and president of the Corsicana Baseball Club and ardent hunter and fisherman, Lee Redden, sportsman, and Lee Ballantyne, former ball player but now umpire, armed to the hilt, went hunting in the vicinity of Purdon Wednesday afternoon. While driving along near Purdon, a flat tire occasioned them driving to Purdon to purchase a tire before proceeding. The Purdonites heard of the robbery and were, naturally, on the outlook for suspicious characters. The description of the robbers were that there were two large men and one of smaller stature which fitted the hunters. A rigid investigation was instituted by the Purdon citizens, so the story goes, and the hunters had difficulty in proving their identity, especially Doc and Lee who were supposed to have been the two men who entered the bank and secured the \$3,905 at the point of guns, while they were not so sure about Mr. Hanson being one of the trio. Anyway, after the incident was all over, Doc and the others felt much better than before and it is a safe bet that the three almonds will keep within the

COOLIDGE PRAISES FIVE THOUSAND IN UNDERSTANDING THAT CAUSES CONTENTMENT

By Associated Press.
Pittsburgh, Pa., Oct. 13.—The industrial "peace" of today which a "short time" since would have seemed almost impossible, received the praise of President Coolidge in a speech here today at the annual observance of Founders' Day at Carnegie Institute.

The "better understanding" was attributed by the President to the closer co-operation of the people and a realization by employer and employee of their "mutuality of interest."

"It has brought a great harvest of contentment," he said, "and a great increase of effort and efficiency in production."

"In its light the relation between employer and employee has been so greatly improved that much of the old friction no longer exists."

"The rattle of the reaper, the buzz of the saw, the clang of the anvil, the roar of traffic are all part of a mighty symphony, not only of material but of spiritual progress."

"Out of them the nation is supporting its religious institutions, endowing its colleges, providing its charities, furnishing adornments of architecture, rearing its monuments, organizing its orchestras, and encouraging its paintings."

Emphasizing the accomplishments of the late Andrew Carnegie, who founded this trade school, Mr. Coolidge also emphasized his interest in art work which has culminated in the 26th international exhibition of paintings here today.

This exhibition was on the president's program, and he declared in his address that "it may be that in the spirit which animates the conduct of this exhibition lies the germ of a better world relationship."

"While it will always be desirable to stimulate and encourage the production of fine paintings, it is even more desirable," he said, "to stimulate and encourage their wide appreciation by the people. It is a fundamental principle of our institutions that freedom, education, and wealth are not to be reserved for the few, but are to be reached through equal opportunity which is open to all. We have staked America on the potential capacity of the average citizen."

Lauding the progress made by the city of Pittsburgh, the President called particular attention to Andrew Mellon, his secretary of the Treasury, and Richard B. Mellon, of Pittsburgh, whose generosity made possible the art exhibition.

By Associated Press.
Pittsburgh, Oct. 13.—President Coolidge reached Pittsburgh before breakfast today to keep his speaking engagement at the celebration of Founders' Day at Carnegie Institute this afternoon.

The President, with Secretary Mellon, who accompanied him from Washington, drove from the station to the residence of R. B. Mellon, brother of the Secretary, where breakfast was served.

Despite overcast skies, Mr. Coolidge looked forward eagerly to an automobile trip about the city after the day here, returning to Washington late tonight.

BLOOMING GROVE FAIR DRAWS BIG CROWD THURSDAY

Special to the Sun.
Bloomington, Oct. 13.—With an skies and a tang of autumn in the air the Blooming Grove fair drew the doors to the exhibit buildings open Thursday morning with every indication that the exposition would be one of the best and most largely attended in its history. The fair will continue through Saturday. The opening day crowd surpassed all previous records.

Every department of the fair is represented in the hundreds of exhibits artistically arranged for the inspection of the visitors. The exhibits are housed in two grand, new buildings and the entire fair grounds are almost doubled that of last year's exposition.

The poultry department is being entered with almost 1000 birds on exhibition. Chickens have been received from distant points in the state.

Valuable prizes are being offered in all departments and keen competition is very much in evidence. The department for the women is also attracting much favorable comment and the farm produce and stock entries are said to be among the finest seen in this section of the state.

Many amusement features have also been arranged for the pleasure of the crowd.

safe confines of Corsicana hereafter when three bandits are supposed to be in the county fleeing from a bank which they have touched.

ATTENDANCE TODAY IN DALLAS MEETING

By Associated Press.
Dallas, Oct. 13.—Having as their purpose the boosting of cotton prices back to the 25c mark, 5,000 farmers, bankers and merchants of Texas gathered in convention this afternoon at the State Fair of Texas, which was the feature of the Farmers' Marketing Association of American Day program.

"Farmers of Texas are not getting a price equal to the value of the cotton staple, they must organize, market the crop orderly and secure at least the cost of production price," said W. B. Yearby of Dallas, organizer of the marketing association, who called the meeting to order.

Senator Earl B. Mayfield and former Governor James E. Ferguson were among other speakers.

East Texas' delegation of more than 2,000 was the most noticeable at the conference. What steps the association will take in an effort to fix the price of cotton will be determined before the meeting adjourns late today.

Navarro County Singing Convention To Meet Bazette

Special to the Sun.
Powell, Texas, Oct. 13.—The Navarro County Singing Convention will meet at Bazette next Saturday and Sunday, Oct. 15 and 16. Every body invited to come as we are expecting a big time and also looking for some big singers from other parts of the county.

WAR DEPARTMENT OFFICIALS AT SEA REGARDING INCIDENT

By Associated Press.
Washington, Oct. 13.—The anticipated return of Major General Sumner, chief of staff of the army from an interrupted tour of inspection of the Pacific coast left War Department officials completely puzzled today, both Acting Secretary McNider and the acting chief of staff, asserting that they had no knowledge of any orders recalling him to Washington.

It was said that no message from General Sumner telling of any change in his plans had been received.

The only source of possible orders recalling him from his trip other than from the War Department would be either Secretary Davis, who is in Columbus, Ohio, today, and was at Dayton yesterday, for the White House.

With President Coolidge in Pittsburgh today, no information regarding Sumner was available at the White House.

The possibility was suggested in dispatches from the Pacific coast that General Sumner had been recalled because of a speech delivered Tuesday in San Diego, in which he is said to have criticized severely the government in connection with the housing of troops, which created while interest among army officials and officers.

The chief of staff is known to hold positive views on that subject.

Should it prove that President Coolidge has intervened directly because of General Sumner's

BACK TO SUNDAY SCHOOL

It can be said without fear of
contradiction that even in this day
of free and compulsory education
more American children receive in-
struction in Sunday Schools than
in public, private, and parochial
schools. There are isolated sections
without schools but none without
Sunday Schools in some form or
shape. Virtually every native Amer-
ican has attended Sunday School
sometime in his or her life.

Where the Sunday Schools fail
is not in that they do not establish
a contact with the great mass of
children but in that they fail to
make their contact secure. All en-
roll but hardly a majority remain as
permanent members regular in at-
tendance. Small children predomi-
nate in the Sunday schools though
they represent but a small part of
the nation's population. Classes
diminish in size as the age of the
members increases.

Two of the greatest problems of
bible schools are sustaining the in-
terest of adults and adolescent
youth for even a part of the year
and preventing attendance from
slumping during the warm weather
months. This latter problem is
brought forcibly to mind by the
present drift back into the fold af-
ter the vacation period.

Probably since the organization
of the first Sunday school, it was
little to try to keep the summer
attendance up to the winter maxi-
mum, but popularization of the auto-
mobile, vacation trip and summer
cottage has made the task a hun-
dred times harder. Sunday schools
and churches in hot weather are
not less deserted than the com-
munities they serve.

Making the best of these new
handicaps, the teachers are now at
their posts prepared to accomplish
in eight months work for which
they should have twelve months.
If they do their work well their
pupils will not forget in four
months what they learn in eight.

UNDER WAY

It would be entirely contrary to
precedent for a Mexican presiden-
tial campaign to pass off without
some appeal to arms or an attempt
to decide the election by force.
Hence, there is good reason for
starting the election shooting early.
It either gives the government an
opportunity to quell the one or
more "revolutions" before the vot-
ers have to go to the polls, or it
gives the successful revolutionist
time to get things in hand so that
the people will know just how to
vote.

The present campaign is not like-
ly to prove an exception to the
general rule. Though the election
does not take place until next Oc-
tober, the campaign has already
been under way for some months. It
is therefore not surprising to hear
of uprisings here and there, or that
three companies of the Mexican Ci-
vilians have mutinied. Generals
will be generals in Mexico, and it
would be strange if they did not
strut a little of their stuff when
they are presidential candidates.

THE NEW WORLD'S BIRTHDAY

Scholars and explorers continue
to look for evidence that America
was visited by Europeans before
Christopher Columbus came. Whether
or not the theory that he was
not the first to arrive on these
shores can be supported makes
little difference. It was Columbus
that established the contact between
the New World and the Old, the
contact which has been maintained
ever since. Those who antedated
him—if there were such—failed to
make their work fruitful. The
whole credit for the discovery of
America belongs to the great Geno-
ese navigator, and this, the four
hundred and thirty-fifth anniver-
sary of his landing, may appro-
priately be regarded as the New
World's birthday.

As the nations of North and

South America grow, as their popu-
lations increase and as they take a
more and more prominent part in
the affairs of the world, apprecia-
tion of what Columbus did in open-
ing the Western Hemisphere to
settlement and development by
Europeans is enhanced. Yearly the
celebration of Columbus Day be-
comes more widespread. Not only in
the Americas is the anniversary
commemorated; throughout Spain
last year the day was observed
with brilliant ceremonies.

It was as the agent of Ferdinand
and Isabella of Spain that Columbus
made his daring voyage into the
unknown a voyage that required
more fortitude and courage than
are now demanded for an expedi-
tion to the North Pole. But it is
not to be forgotten that Columbus
was not a Spaniard but an Italian.
Let that fact be recalled when the
Nordic legend is encountered, the
legend that all of the illustrious
achievements by which the world's
advancement has been promoted
have been the work of the tall
blond races of Northern and West-
ern Europe.

Our citizens of Italian origin are
taking the leading part in the cele-
bration of Columbus Day as is their
right. But all other Americans, re-
gardless of their ancestral origin,
should be glad to co-operate in pay-
ing homage to the brilliant explorer
to whom we owe our possession of
one of the fairest and most popu-
lar regions of the earth.

PARCEL POST BY AIR

One of the first fruits of Assist-
ant Postmaster General Glover's at-
tendance at the international air-
mail conference at The Hague
is his suggestion that our parcel
post should be carried by airplanes.
This is the only mail activity in
which Europe exceeds the United
States. The first class mail car-
ried between London and Paris
daily weighs between ten and fif-
teen pounds, as contrasted with
four pounds of the transported be-
tween New York and Chicago. But
European lines carry more packages
and passengers than ours.

Mr. Glover has no doubt regard-
ing the popularity of an aerial par-
cel post here. His only fear is that
the airplanes now in service would
not be sufficient to take care of
the new business that would be of-
fered. The parcel post, so readily
adopted by our government, has
rendered a generally appreciated
service. Its extension to the new
method of transportation would
add to its efficiency. Which pre-
sents the fact that Corsicana should
provide a modern airport to meet
the requirements of air transporta-
tion which is making such rapid
gains in popularity each day.

NEW HOME RUN RECORD

Babe Ruth, the King of Swat,
has broken his record for home
runs with his sixtieth clout into
the right field bleachers. The fans
went into ecstasies and for a time
the game was stopped. The news
got first page position in the papers
all over the country. It was another
indication of the interest of the
American people in sport and in
baseball above all others.

After all, there is an achievement
in hitting sixty home runs in a sea-
son of slightly more than six months
involving not quite 150 games. For
some reason or other, the home
run is the mightiest of all baseball
performances. A lightning stop, a
hard-caught fly, a dazzling double-
play, a game of strikeouts, these
never quite stir as does a home-run
the emotions of the stands.

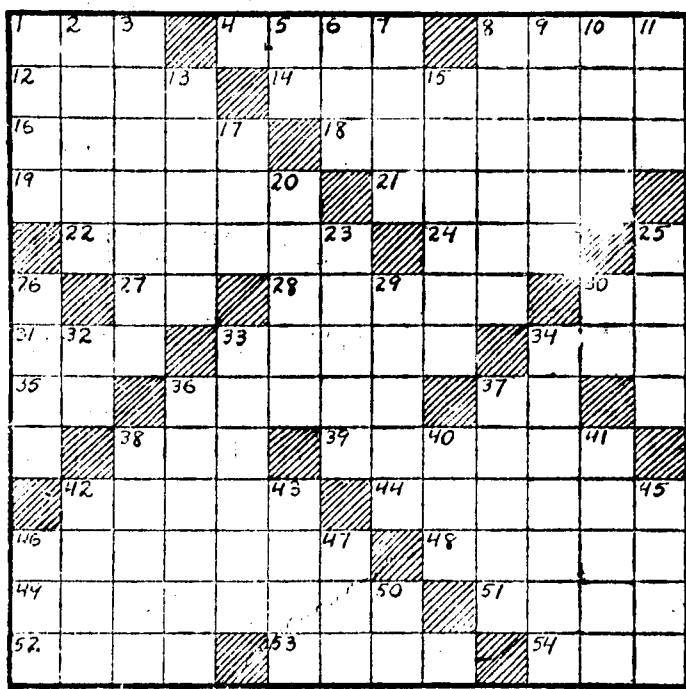

THEY SHOT IT OUT

Much has been written about the
happiest, overbearing autoist;
about the man who is ordinarily
courteous and law-abiding, but who,
once in his automobile, becomes
insolent, and, if crossed, violent in
his language and, sometimes, in
his conduct. It might very well be,
incidentally, that a psychiatrist,
examining such a man, would attrib-
ute his conduct to an over-developed
inferiority complex; would con-
clude that the man was afraid to
attempt to dominate others, until
he felt that he had the advantage
of a powerful machine to back up
his words and conduct.

To what lengths this intolerant
spirit may lead its possessors is
illustrated by a dispatch from El-
lington, S. C., which tells of a farm-
er and a lumberman, each in his
car, meeting on a narrow side road.
Neither would give way to the other
and a revolver duel followed in
which each killed the other.

Think in terms of progress and
our city will continue to grow and
prosper.

Today's Cross-Word Puzzle

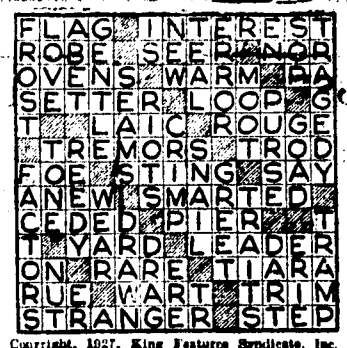

HORIZONTAL

- 1—Who was the second son of Noah?
- 4—Silescyes.
- 8—On top of.
- 12—Who first said: "The woman did tempt me?"
- 14—To leave.
- 16—Chinese shrub.
- 18—Off what island did the Greeks defeat the Persians in 480 B. C.?
- 19—Auto.
- 21—Boracic.
- 22—What word in music is opposed to "cantata"?
- 24—Comrade.
- 27—Till sail (abbr.)
- 28—What bird of the heron family is much valued for its white plumage?
- 30—Proceed.
- 31—Tree of olive family.
- 32—Tric.
- 34—Touch lightly.
- 35—What is the smallest State in the Union? (abbr.)
- 36—Pushed boat with a pole.
- 37—What is the chemical symbol for iron?
- 38—Rotating piece.
- 39—What titles are given to East Indian tribal chiefs?
- 42—What sea-nymphs attended Poseidon or Neptune?
- 46—Of what "World War" battle was General Joffre the hero?
- 49—In England, what is a merchant who keeps a shop on the installment plan called?
- 51—Small fresh-water fish.
- 52—You love (Latin).
- 53—Who is the Greek god of love?
- 54—Knot in cotton fiber.

VERTICAL

- 1—Who ran a fabled race with a tortoise?
- 2—What Massachusetts family has given two presidents to the United States?
- 3—Hugo.
- 5—What is the nickname of New York State's governor?
- 6—Aeriform fluid.
- 7—What is a strikebreaker derisively termed?
- 8—What mountain is regarded as the traditional resting-place of Noah's ark?

Herewith is the solution to Saturday's puzzle.

CORSICANA, TEXAS

BUD CARROLL DIES AS RESULT INJURIES RECEIVED SATURDAY

W. B. (Bud) Carroll, aged 55 years, native of Navarro county, died in the Navarro County Hospital Monday evening at 7:10 o'clock as a result of wounds on the head alleged to have been received in an altercation at the house of Sutherland in Northeast Corsicana Saturday night about 10 o'clock and the remains were interred in the Dresden cemetery Tuesday afternoon. The funeral services were conducted at the Dresden tabernacle Tuesday afternoon at 2 o'clock. The funeral cortege left Corsicana at noon Tuesday.

Ed Sutherland is in the Navarro county jail formally charged with murder in connection with the death of Carroll. He was arrested Sunday morning, and lodged in jail on a complaint of assault with intent to murder and bond set at \$2,000 which was not made. The complaint was filed in Judge Sam B. Jordan's court, and Tuesday morning the complaint for murder was filed. It was alleged that several window panes in the Sutherland house were broken.

Surviving Carroll are his wife, five sons, B. E. Carroll, Leon Carroll, Tom Carroll, Hugh Carroll, and W. J. Carroll, all of Corsicana; three daughters, Mrs. Mahel Gribble, Mrs. Clara Bell Carroll, both of Corsicana; Mrs. Carlisle Freeman, Fort Worth, ten grandchildren; three brothers, Bob Carroll, Corsicana; A. B. Carroll and R. C. Carroll, both of Blooming Grove; four sisters, Mrs. Joe M. Brown, Corsicana; Mrs. Dillard Crouch, Corsicana; Mrs. W. D. Allen, Burk Burnett; Miss Annie Carroll, Blooming Grove.

Mr. Carroll was born near Blooming Grove.

AGED RESIDENT OF FROST PASSED AWAY TUESDAY EVENING

Special to the Sun.
Frost, Texas, Oct. 12.—Mrs. Ruth Ester Mins, aged 78 years, died at her home here Tuesday evening at 6:20 o'clock, and the funeral was held here Wednesday afternoon at 3 o'clock from the Methodist church. The services were conducted by Rev. Chas. Ditz, pastor.

Mrs. Mins had resided in Navarro county for about forty years. Surviving are her husband, D. D. Mins, and seven children. One son, Sam Mins, resides in Corsicana, and one daughter, Mrs. Fred Haver, lives in Frost. The other five children are residents of Frost.

WANTED—Three or four high school boys to help in remodeling a barn. Apply 700 West 2nd Avenue, Prince, Ft. Corsicana.

FUNERAL SERVICES

TUESDAY AFTERNOON FOR ED CHAMBLISS

Funeral services for Ed W. Chambliss, aged 52 years, who was killed some time last Wednesday night and his body thrown out of an automobile near Earlsboro, Oklahoma, were held at the residence of J. M. Chambliss, 1427 West Park Avenue, Tuesday afternoon at 3 o'clock with interment in Oakwood cemetery. The body of Chambliss was found about 8 o'clock Thursday morning. The body arrived in Corsicana Monday morning at 10:50 on the southbound H. T. C. R. R. Co. passenger train, accompanied by a nephew, J. L. Chambliss, Vernon, Texas.

J. H. Neal, lease broker of Seminole county, is being held in jail in Oklahoma charged with first degree murder in connection with the death of Chambliss. He is alleged to have made a confession of the deed, claiming self defense, and admitting that he beat Chambliss with a shotgun, breaking the gun stock.

A preliminary hearing for Neal will be held Thursday morning. Chambliss left Corsicana twenty-eight years ago. He formerly owned a drug store in Shawnee, Oklahoma.

Surviving are three brothers, Tom Chambliss, Navarro; Will Chambliss, Corsicana; J. N. Chambliss, Moran, Texas; one sister, Mrs. J. W. Redmon, Sweetwater, Texas, and a number of other relatives.

Full bearers were N. C. Munns, W. N. Hamilton, J. E. Taylor, P. H. Holloway, A. S. Vandiver and J. Walter Little.

BISHOP DICKEY IS SERIOUSLY ILL IN WEST VIRGINIA

By Associated Press.
Louisville, Ky., Oct. 12.—Bishop James E. Dickey of the Methodist Episcopal Church, South, is ill in a hospital at Huntington, W. Va., and information obtained here today was that he was slowly improving but still in a critical condition.

Details of his illness could not be learned at the time. Bishop Dickey is a native of Georgia but recently was assigned to Louisville. He previously had been in Texas.

Later reports today direct from Huntington said Bishop Dickey was out of danger but would remain in the hospital until November 1.

TURKEYS — TURKEYS

It won't be long now until turkey time of the year will be here. Thanksgiving is a little early this year and I would advise people owning turkeys to begin feeding the ones intended for Thanksgiving, so they will be in good shape. We think it best that you figure on selling about forty percent of your turkeys for Thanksgiving and sixty per cent for Christmas, as this is about the proportion the markets need them. We do not look for Christmas turkeys to be as high as last year; as the price was too high and consumers refused to pay the price and a good many had to go to freezers. Christmas and lost owners big money, and it is reasonable to think that they would not come back this year and pay as much as last year. So get at least a portion of your turkeys ready for Thanksgiving, would be our advice.

A. B. Walker & Son

Get More Money From Your Cotton

We have in operation at our modern gin plant, the famous HANCOCK COTTON PICKER—which adds from \$2.50 to \$12.50 to the value of every bale put through it.

The HANCOCK improves the grade of field picked cotton and makes picked cotton out of snags and bolls. It's work has created a sensation everywhere because it is a COTTON PICKER AT THE GIN! There's nothing else in the world like it; no other machine has ever approached its class of work.

In addition to the HANCOCK COTTON PICKER, our gin plant is of the famous Murray Low-ell-Roll, High-Speed, Air-Blat type—which means it's the very last word in modern gin equipment.

Bring Us Your Cotton—It'll Mean Money in Your Pocket. A trial will convince you.

NAVARRO COUNTY TEACHERS INSTITUTE OPENS ON FRIDAY

TWO DAYS SESSION OF NAVARRO COUNTY TEACHERS HERE THIS WEEK-END

All preparations have been completed for the holding of the Navarro county teachers institute here Friday and Saturday of this week. County Superintendent Andrew G. Steele has announced the program for the two days session. The sessions will be held at the Carnegie library, corner of Twelfth and Collins Streets.

Anyone who desires to hear Dr. P. W. Horn, president of the Texas Technological College, Lubbock, Texas, are especially invited to be present Saturday morning.

This is the first time that the institute has been held at this time of the year, heretofore, the institute being held before the opening of the school session.

E. L. Fletcher will be general chairman; Miss Julia Kiber, general secretary; L. P. Hodge, resolutions chairman; Ernest C. Butler, chairman of interscholastic league, for the institute.

The county board of education is composed of J. D. Story, Angus, chairman; W. H. Thorn, Furlon; O. L. Albritton, Corsicana; W. H. Paine, Pearsley, and C. W. Reagan, Kerens.

The institute will be opened at 9 o'clock Friday morning with a program by the State Orphan's Home Orchestra. The invocation will be given by Rev. Paul J. Merrill, pastor of the First Christian church, Corsicana.

Organization and enrollment (no fee) will be taken up.

The superintendent's hour will be conducted by Andrew G. Steele, county superintendent.

Address—Dr. C. M. Rosser, Dallas.

Address—A representative of the State Department—"What the State Teachers Association Means to Education in Texas"—R. T. Ellis, Fort Worth.

SATURDAY

Opening exercises at 9 o'clock by O. O. P. Home orchestra.

Invocation—Rev. P. Martin Baker, pastor of the Third Avenue Presbyterian church, Corsicana.

Address—Dr. P. W. Horn, president of Texas Technological College, Lubbock.

Plans for Countywide "Production Exercises"—Mrs. Cora Ferguson, county superintendent, Elgin, same county.

"Interscholastic League Drive"—E. L. Fletcher.

Report on Resolutions—L. P. Hodge.

Address—A Message from the Press—Boyer Martin, Corsicana.

Body Sun and Semi-Weekly Light.

The relations of rural schools to the high school—W. H. Norwood.

SENATOR MAYFIELD SEEKS COMMERCIAL SURVEY SOUTHWEST

CAMPING ON TRAIL OF BUDGET DIRECTOR LORD TO GET NECESSARY FUNDS

A letter from Senator Mayfield to General Lord, made public here by Ernest L. Tubb, in charge of the Houston office of the Bureau of Foreign and Domestic Commerce, relates that only a part of the funds from the survey have been granted and urges General Lord to reconsider and allocate to the bureau a sufficient amount of money that will not only enable it to take care of the normal increase of projects under way, but that will permit it to make a commercial survey of the Texas-Oklahoma territory.

"Texas at this time," Senator Mayfield insisted, "is tremendously interested in industrial development. Many requests are daily received by the Chambers of Commerce of our state for information and assistance relative to the establishment of various industrial concerns in different sections of our state. The only information available to the prospective establishers of an industry in Texas is that obtainable from chambers of commerce, or the industrialist must survey the state himself. In order to be able to proceed efficiently in building up industry and economic merchandising in the Southwest, it undoubtedly would be very helpful to have authentic information covering all phases of our economic, industrial and commercial distributing system. The department of Commerce could gather the information needed in a survey, such as the commercial survey which the department has made in Philadelphia, New England, Southwest states and Pacific coast areas.

"The information covered in the commercial surveys is just the data needed by the prospective manufacturers concerning plant location, labor conditions, climate, power and other like items.

"Also the manufacturer and merchant find such data valuable in estimating markets, in working out sales territories and salesmen's quotas.

"Texas is becoming much more interested in selling in foreign markets. Many opportunities for the development of the foreign markets for Texas products are known to

exist. Efforts are being put forth to assist the development of selling Texas products abroad by Chambers of Commerce and by government organization. The information gathered in a commercial survey of Texas would be most helpful data to have at hand to make possible the prosecution of an intelligent campaign in Texas.

Senator Mayfield appends to his letter a showing of the relative position of the state in the production of crops and in many lines of endeavor as well as other data showing its progress.

United States Senator W. B. Paine of Oklahoma, Mr. Tubb said in connection with the announcement, is cooperating with Senator Mayfield in an attempt to secure funds for the survey.

Wortham Municipal Band to Broadcast

HEAVY DAMAGE BY RECENT RAINS OVER LIMESTONE COUNTY

Special to the Sun: Groesbeck, Texas, Oct. 11.—After a survey of the county, J. B. Watson, Jr., county auditor, has announced the rain storms of a month ago cost Limestone county between \$50,000 and \$60,000 in damage to bridges and highways. Funds will be provided by the county commissioners to pay for building the system back. Many houses were completely washed away.

NEW FORD WILL BE READY FOR MARKET "FEW MORE DAYS"

By Associated Press. Detroit, Oct. 11.—Assembly of their new model will begin in a "few more days," the Ford Motor Company announced today. Major parts of the new car have been under production for several weeks, the announcement said and the first assembly of new bodies

was started "some days ago." The announcement also revealed that the assembly line has been removed from the Highland Park plant to the River Rouge plant. The Highland Park plant will be used for the manufacture of parts. Between 65,000 and 75,000 men now are employed at the Ford plants, according to the announcement.

BELIEVED FIGURES SHOULD BE SHORT OF \$400,000,000 SET

By Associated Press. Washington, Oct. 11.—President Coolidge feels that tax reduction in the next session of Congress should be considerably less than \$400,000,000. The \$400,000,000 figure has been suggested by the Chamber of Commerce of the United States. Although no definite estimate could be obtained today at the White House as to how the President thinks tax reduction can go, it was said he was convinced that because of increased governmental expense and the need for reduction of the national debt, the figures should be considerably short of \$400,000,000. The war is over, but it is only half paid for, it was said on behalf

of the President, who it was added, feels that organizations seeking tax relief should bend their efforts towards reducing governmental expense, as, in his opinion, tax reduction can be had only by the strictest economy. In the President's opinion, it was reiterated, the debts should continue to be paid off as quickly as possible. It is now said to be \$18,000,000,000 and, the president holds it necessarily is a great burden on the country on account of the interest charges.

FEDERAL JUDGE HAS GRANTED INJUNCTION ASKED BY OPERATORS

By Associated Press. Pittsburgh, Pa., Oct. 11.—The sweeping Federal Court injunction against the United Mine Workers, its officials and members, was perfected today when Judge F. P. Schoonmaker signed the decree entered by the Pittsburgh Terminal Coal Corporation. The injunction was termed by industrial leaders one of the most sweeping in the history of labor disputes. The injunction, a preliminary one, covered practically every complaint entered by the corporation against the union and restrained even picketing near its non-union mines. After overruling a union motion

to dismiss the bill of complaint, Judge Schoonmaker handed down the restraining order and the corporation posted a \$50,000 bond to make it effective at once.

One far-reaching paragraph of the injunction restrained the defendants "from obstructing, impeding, hindering and preventing or interfering with the operation of any of the plaintiffs' mines or from doing any act which would result in interfering with such operation."

The corporation's suit alleged the union had violated the provisions of the Sherman and Clayton Acts by hindering interstate shipments of coal.

The injunction restrains the union and its members from assaulting, coercing, threatening, insulting or molesting in any way employees or prospective workers of the Terminal Corporation. Union men are warned not to trespass on company property; not to shoot at or toward company property or employees; not to loiter near the company property and not to explode dynamite or powder on land owned by the corporation.

Striking union miners were restrained from occupying company houses in defiance of the wishes of the plaintiffs, and from posting bonds or aiding financially to appeal eviction suits filed by the corporation in the State courts.

"Corsicana Has It."

CORSICANA PAYS HEAVY TOLL EACH YEAR FIRE FIEND

Total net property losses in Corsicana from fires during the past twelve months amounted to slightly more than a five dollar bill for every man, woman and child in the city, or a total of approximately \$112,907.00, according to a compilation made by Fire Chief Elmer Keith for the Chamber of Commerce Fire Prevention committee. There were in all a total of 173 runs made by the department during the preceding twelve months and the approximate value of property affected by the fires was placed at \$786,450. It is pointed out that the saving from total loss by the fire department is a tribute to present day methods of fighting fires.

Some idea of the expense which fire fighting entails on the city government is shown by the average cost of the department runs which is \$33.35.

In connection with Fire Prevention Week, Chairman J. S. Murchison calls attention to the causes of the fires as recorded by the fire chief. Grass fires led the list with a total of 56. Twenty-two fires were listed as of "unknown origin." Origin of other fires was given by

back fire, 8; cars, short in wires, 5; cars, from exhaust, and brakes on, 7; fireworks, 1; matches, 19; gasoline, 1; rubbish and litter, 10; sparks on roof, 22; steam, 1; stoves, 1; electricity, 4; explosions, 6; ex- posed, 8; static lightning, 1; boys and matches, 4; spontaneous combustion, 1; rats, 2; flue fires, 5; building collapsed, 1.

GOVERNMENT WINS FIRST ROUND WITH BIG ALCOHOL RING

By Associated Press. Cleveland, O., Oct. 11.—The federal government has won its first big victory against the Superior Industrial Alcohol ring involving 112 defendants, with the guilty pleas of five reputed leaders of the conspiracy and five of their associates. Going into the court yesterday, less than a month in advance of the date set for trial, the ten men admitted participation in the conspiracy and drew their penalties.

Benjamin and Frank Fogel, brothers, Benjamin and David Gerstein, brothers, and Edward Silberstein, all of Philadelphia, said to have organized the Cleveland Superior Alcohol Company, were sentenced to Atlanta penitentiary for 18 months and fined \$6,500 each by Federal Judge Paul Jones. The alcohol ring, it was charged,

ed, diverted into bootleg channels millions of dollars worth of re-distilled alcohol which was supposed to be used for industrial purposes. Its market, District Attorney A. E. Bernstein said, was the East, the West and Northwest.

The ten who pleaded guilty will be free under bond until November 1, when trials of the remainder of the 112 persons will begin.

Penalties imposed on the associates of the ring leaders were: David R. Roth, a year and a day at Atlanta and a \$1,550 fine; Percy Corbin, \$300 fine; Benjamin Miller \$500 fine and Canille Peterman \$100 fine. Sentence of Walter Endesser the tenth to plead guilty, was deferred. These men also were from Philadelphia.

PEACE PREVAILED IN STATE HIGHWAY COMMISSION MEET

By Associated Press. Austin, Texas, Oct. 11.—Calm after the storm of yesterday pervaded the Highway Commission today in a harmonious session in which a round \$34,000 state and federal road aid was granted two Texas counties. Fayette county got \$15,000 state aid and \$15,000 federal money to match \$15,000 county funds for graveling 3.3 miles of highway num-

ber 72 from Schulenberg to the

vaca county line. Lubbock was granted \$1,000 to supplement about \$10,000 to be given jointly by the county and the Santa Fe Railway for construction of an underpass on highway number 9.

Yesterday's meeting was made noteworthy mainly by Commissioner Cone Johnson's declaration that all state aid appropriations for this year and next year had been exhausted and allotted so that only about fifty counties benefited.

RIO GRANDE FLOOD AT BROWNSVILLE HAS REACHED HIGH STAGE

By Associated Press. Brownsville, Texas, Oct. 11.—The Rio Grande reached a stage of 17 feet, one foot below flood stage, and will rise to flood stage although it will not go out of the levees, it was reported at the Weather bureau office here today. The crest of the flood passed Mission last night, with a stage of three feet under flood stage, indicating that the rise will be assumed threatening proportions. Flood ways in the lower part of the valley area are carrying a part of the excess water.

"Corsicana Has It."

Why Our Ginning Service Pays

FIRST—Our Big Double Hardwicke-Etter Burr Extractor and Cleaner—together with other cleaning devices, insures you the best possible grade from either picked, pulled or snapped cotton, thus avoiding the penalty involved in marketing low grades due to excess dirt and trash

SECOND—We are prepared to handle your cotton on either square or round bale and always pay you a much better price for your cotton when put up in round bales—thus insuring you the best possible price at all times for your cotton.

Give us a trial and you, too, will be convinced that our ginning service pays.

Notice of Road Bond Election

THE STATE OF TEXAS,
COUNTY OF NAVARRO.

To the resident property taxpayers of ROAD DISTRICT NUMBER TWO of Navarro County, Texas:

TAKE NOTICE, that an election will be held on the 7th day of November, 1927, within Road District Number Two of Navarro County, Texas, to determine if said Road District shall issue Bonds and if an annual ad valorem tax shall be levied annually on all taxable property within said District, sufficient to pay the annual interest and provide a sinking fund to pay the bonds at maturity, in pursuance of an election order made and entered by the Commissioners' Court of Navarro County, Texas, on the 3rd day of October, 1927, and which Order in words and figures is as follows:

THE STATE OF TEXAS,
COUNTY OF NAVARRO.

BE IT REMEMBERED that on this, the 3rd day of October, 1927, the Commissioners' Court of Navarro County, Texas, being duly and regularly convened in a Special Session thereof, held at the Court House in the City of Corsicana, Texas, the same being the regular meeting place for said Court, there were present and in attendance the following members, namely:

Warren Hicks, County Judge, presiding, and Jack Megarity, Commissioner of Precinct No. 1, R. F. Guyones, Commissioner of Precinct No. 2, D. T. Collins, Commissioner of Precinct No. 4, and, among other proceedings had, was the following:

There came on to be heard and considered the Petition of H. C. Russell and sixty-four (64) other persons, resident property, taxpayers of Road District Number Two of Navarro County, Texas, praying this Court for an order for an election to determine the proposition:

"Whether or not the bonds of Road District Number Two of Navarro County, Texas, shall be issued in the total principal sum of One Hundred, Thirty-Five Thousand (\$135,000.00) Dollars for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, within Road District Number Two of Navarro County, Texas, as created and established on the 29th day of August, 1927, by the Commissioners' Court of Navarro County, Texas, by order duly made and entered of record; and whether or not an ad valorem tax shall be levied on all taxable property within Road District Number Two of Navarro County, Texas, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption or payment thereof at maturity."

And it appearing to the Court that said Petition was presented to this Court and filed with this Court on the 12th day of September, 1927, and that it is duly signed by more than fifty (50) resident property taxpayers of Road District Number Two of Navarro County, Texas; and

It further appearing to the Court that heretofore to-wit: on the 12th day of September, 1927, by order duly passed and entered of record, this Court set said Petition down for hearing to be heard before the Commissioners' Court of Navarro County, Texas, at a Special Session of said Court, to be held in the Commissioners' Court Room in the County Court House in the City of Corsicana, Navarro County, Texas, on the 3rd day of October, 1927, at 10 o'clock a. m., which was not less than fifteen (15) days nor more than thirty (30) days from the date of the aforesaid order of this Court, setting said Petition down for hearing; and

It further appearing to the Court from a evidence submitted that notice of this hearing was thereupon given by the County Clerk in the time and manner required by law, and which notice informed all persons concerned of the time and place of such hearing, and of their right to appear at such hearing and contend for or protest the ordering of such bond election; and further that the aforesaid notice also stated the amount of bonds proposed to be issued and described said Road District Number Two of Navarro County, Texas by its proper name and number, and also described the boundaries of such district as such boundaries are defined and described in the order of this Court establishing said Road District, and further that the aforesaid notice also designated the roads to be constructed and improved and the amounts apportioned to each of said designated roads for that purpose; and

It further appearing to the Court, and the Court so finds from the evidence submitted, that the Clerk of this Court, pursuant to the order setting said Petition down for hearing, posted and published the notices of such hearing in the time and manner required by law, that is:

election was posted by the County Clerk at the three public places in Road District Number Two of Navarro County, Texas, on the 14th day of September, 1927. That each of said places was a public place in said Road District. That each of the notices posted at said places was posted in a conspicuous position. That each of said places was accessible to the public, and that each of said notices so posted at each of said places was posted so as to be easily accessible and visible to the public.

(d) That the copy of the notice of this hearing posted by the said County Clerk at the Court House door, as aforesaid, was posted on the 14th day of September, 1927, and that such notice was posted at said place so as to be easily accessible and visible to the public.

(e) That the said County Clerk also caused said notice of this hearing to be published in the Corsicana Semi-Weekly Light, which is a published and circulated in Navarro County, Texas, and which said notice was published in said newspaper on Friday, the 16th day of September, 1927, which date was at least five (5) days prior to this hearing on the aforesaid Petition.

That there is not a paper of any kind whatsoever published in Road District Number Two of Navarro County, Texas; and

And it further appearing to the Court that said Petition is legal in every respect and that all the notices required by law to be given have been duly and legally given, and that all of the requirements of the law have been properly complied with; and

It further appearing to the Court, and the Court so finds from the evidence submitted at this hearing, that the proposed improvements as set forth and designated in said Petition, and also set forth and designated in the order and notice of this hearing, will be for the benefit of all taxable property situated within the said Road District Number Two of Navarro County, Texas, and that the amount of bonds to be issued will not exceed one-fourth (1/4) of the assessed valuation of the real property within said Road District.

WHEREFORE, in consideration of the premises, the Commissioners' Court of Navarro County, Texas, by reason of investigations carefully made and on the hearing on said petition, and from all the evidence submitted herein, finds, and it is the order and judgment of this Court that the petition for said bond election is signed by more than fifty (50) of the resident property taxpayers of Road District Number Two of Navarro County, Texas; that due notice of this hearing has been given; that the proposed improvements will be for the benefit of all taxable property situated within the boundaries of Road District Number Two of Navarro County, Texas, and which are the same boundaries described and defined in the notices of this hearing; and that the amount of bonds to be issued will not exceed one-fourth (1/4) of the assessed valuation of the real property within said Road District.

IT IS THEREFORE, CONSIDERED, FOUND AND ORDERED BY THE COMMISSIONERS' COURT OF NAVARRO COUNTY, TEXAS:

1. That an election shall be and is hereby ordered to be held within Road District Number Two of Navarro County, Texas, on the 7th day of November, 1927, which date is not less than thirty (30) days from the date of this order, at which election the following proposition shall be submitted:

Whether or not the bonds of Road District Number Two of Navarro County, Texas, shall be issued in the total principal sum of One Hundred, Thirty-Five Thousand (\$135,000.00) Dollars for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, within Road District Number Two of Navarro County, Texas, as created and established on the 29th day of August, 1927, by the Commissioners' Court of Navarro County, Texas, and which bonds are to bear interest not exceeding five per cent (5 per cent) per annum, and are to be issued in such denominations and payable at such times as may be deemed most expedient by the Commissioners' Court of Navarro County, Texas; and

Whether or not an ad valorem tax shall be levied on all taxable property within Road District Number Two of Navarro County, Texas, for the purpose of paying the annual interest on said bonds for the said sum of One Hundred, Thirty-Five Thousand (\$135,000.00) Dollars and the amount apportioned to each road as specified in such petition as follows:

ROAD NUMBER ONE, known as the CORBET-PURDON ROAD—

Beginning at a point in the common boundary line of Consolidated Road District Number One of Navarro County, Texas, and Road District Number Two of Navarro County, Texas, between Corbet and Purdon, which point is to be determined by the Commissioners' Court of Navarro County, Texas, said point being the Southern extremity of Lateral Road Number Two in Consolidated Road District Number One of Navarro County, Texas, and running thence by Jester through the town of Purdon to a point in Richland Creek in the boundary line of Road District Number Two between Purdon and Dawson, which point is to be determined hereafter by the Commissioners' Court of Navarro County, Texas; said road to be built according to Standard specifications, and to be constructed of reinforced concrete not less than 9 feet wide. That the sum of One Hundred, Twenty-One Thousand, Six Hundred (\$121,000.00) Dollars out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

ROAD NUMBER TWO, known as the PURDON-PURLEY ROAD: Beginning at the point in the town of Purdon where this Road Number Two, known as the Purdon-Purley Road, intersects Road Number One, known as the Corbet-Purdon Road, and running thence in a Southerly direction with said Purdon-Purley Road, to a point on Richland Creek in the South boundary line of Road District Number Two of Navarro County, Texas; said road to be built according to Standard Specifications, and to be constructed of gravel, not less than 12 feet wide. That the sum of Five Thousand (\$5,000.00) Dollars, out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said Road.

ROAD NUMBER THREE, known as the PURDON LANE ROAD: Beginning at the point in the town of Purdon, where this Road Number Three, known as the Purdon Lane Road, intersects Road Number One, known as the Corbet-Purdon Road, and running thence in a Northerly direction with said Purdon Lane Road approximately two and one-tenth miles; said road to be built according to Standard Specifications, and to be constructed of gravel, not less than 12 feet wide. That the sum of Eight Thousand (\$8,000.00) Dollars, out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

It is further ordered that said election shall be held under the provisions of the laws of the State of Texas, and particularly Chapter 16 of the General Laws of the State of Texas, passed by the Thirty-Ninth Legislature at its First Called Session in 1926.

It is further ordered that all persons who are legally qualified voters of this State and of this County and who are resident property taxpayers within Road District Number Two in Navarro County, Texas, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words:

"FOR THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF."

And those opposed shall have written or printed on their ballots the words:

"AGAINST THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF."

It is further ordered that in pursuance of authority conferred by law on this Court to determine the place or places of holding the said election, there is hereby created, established and defined the following voting precinct within in and for Road District Number Two of Navarro County, Texas, within the following metes and bounds, to-wit:

Beginning at a point in the Western part of the John Taylor League survey where the channel of Rush Creek discharges into the channel of Richland Creek;

Thence up Rush Creek, with the meanders of the channel thereof, in a northwesterly direction through parts of the John Taylor, W. R. Bowen and John Beauchamp surveys to a point where the channel of Briar Creek discharges into the channel of Rush Creek;

Thence up Briar Creek, with the meanders of the channel thereof, in a general northerly direction to where channel of said creek is intersected by the northerly line of the John Beauchamp survey;

Thence South 60 West, with the northerly lines of the John Beauchamp and David Clary League surveys, to a point in the intersection of the channel of Melton Branch with the northerly line of the said David Clary survey;

Thence up said Melton Branch, with the meanders of the channel thereof, in a westerly-northwesterly direction, through parts of the J. G. Littlefield, J. B. Ketchum, J. M. Steiner, Thos. J. Church and Jno. P. Houston surveys, to a point in the north line of the said Jno. P. Houston survey at the intersection with channel of Melton Branch;

Thence South 60 West with the northerly lines of the Jno. P. Houston and J. M. Smith surveys, to the northwest corner of said J. M. Smith survey;

Thence South 30 East, with the westerly line of said J. M. Smith survey to its southwest corner in the northerly line of the James Meredith survey;

Thence South 60 West, with the northerly line of said James Meredith survey, to the northwest corner thereof;

Thence South 30 East, with the westerly line of said Meredith survey to the intersection of said line with the channel of Richland Creek;

Thence down said Richland Creek, with the meanders of the channel thereof, in a generally Easterly direction, through parts of the E. M. Cook, Elizabeth Scott, David M. Laughlin, W. R. Bowen, and John Taylor surveys, to the place of beginning, and including within the above described metes and bounds all of the David Clary, Jos. T. Holl, J. M. Smith and W. R. Allen surveys; and parts of the John Beauchamp, John Taylor, W. R. Bowen, David M. Laughlin, Elizabeth Scott, H. M. Cook, James Meredith, John P. Houston, Thos. J. Church, J. M. Steiner, J. B. Ketchum and J. G. Littlefield surveys.

And the territory included within the above described boundaries

FAIRFIELD NEWS; DATE FOR TEACHERS INSTITUTE CHANGED

Special to the Sun.

Fairfield, Texas, Oct. 11.—Dates for the two-day Freestone county teachers institute have been changed from October 13 and 14 to October 27 and 28, school authorities have announced. The institute will be held in Fairfield.

To Pay Church Debt.

Special to the Sun.

Fairfield, Texas, Oct. 11.—The Cavalry Baptist church, has raised \$1800 toward payment of its church debt.

To Pave Fairfield Street

Special to the Sun.

Fairfield, Texas, Oct. 11.—Business men have signed up to pay their part of the cost of paving Commerce street the full width, since the state highway contract calls for only an 18 foot strip through the town. Twenty-one additional feet will be required to pave to the curb line.

Actual pouring of concrete on the highway has started at the court house square, beginning the Freestone highway paving program.

is hereby created into an election precinct, known as Voting Precinct Number One, Road District Number Two of Navarro County, Texas, and is hereby made to include all the territory embraced within Road District Number Two of Navarro County, Texas, as created and established by this Court on August 29, 1927, and all the resident property taxpayers voting within the herein created voting precinct shall cast their ballots at the hereinafter named polling place.

The election hereby ordered shall be held in said voting precinct at the polling place herein after named and by the election officers herein appointed: At Purdon Tabernacle building in the town of Purdon, Navarro county, Texas, and H. C. Russell and J. B. Atkins are named as Judges of said election, and Joe Dempsey and T. L. Ellis as the Clerks thereof, and the said H. C. Russell is hereby designated as the Presiding Judge.

It is further ordered that the manner of holding such election and canvassing and making returns thereof shall be governed by the General Laws of this State, when not in conflict with the provisions of Chapter 16 of the General Laws passed by the Thirty-Ninth Legislature at its First Called Session in 1926.

It is further ordered that notice of said election shall be given by publication of a copy of this order in the Corsicana Semi-Weekly Light, a newspaper of general circulation published in Navarro County, Texas, for three (3) successive weeks before the date of the said election, as there is not a paper of any kind whatsoever published in Road District Number Two of Navarro County, Texas; and in addition thereto, there shall be posted other true copies of this Order at three (3) public places in said Road District Number Two of Navarro County, Texas; and also one true copy at the door of the County Court House in the City of Corsicana, Navarro County, Texas, and all of which notices shall be posted for three (3) successive weeks prior to said election. The County Clerk is hereby authorized and directed to post and publish notices of said election as hereinbefore directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by this Court.

The duties herein imposed upon the County Clerk may be performed by said Clerk of Deputy, as provided by law for other similar duties.

Passed and approved by the Commissioners' Court of Navarro County, Texas, this 3rd day of October, 1927:

WARREN HICKS
County Judge, Navarro County, Texas.

JACK MEGARITY,
Commissioner of Precinct No. 1.

B. F. GUYNES,
Commissioner of Precinct No. 2.

D. T. COLLINS,
Commissioner of Precinct No. 4.

The above order having been read, it was moved by Jack Megarity that it be passed; whereupon, the question being called for, the following members of the Court voted "Aye": Jack Megarity, B. F. Guyones and D. T. Collins, and none voted "No."

Minutes approved this 3rd day of October, 1927.

WARREN HICKS,
County Judge, Navarro County, Texas.

The above and foregoing notice is issued and given by me pursuant to authority conferred by the above and foregoing Order of the Commissioners' Court of Navarro County, Texas, and I hereby certify that the above and foregoing is a full, true, correct and complete copy of the Order of said Court, ordering said bond election, and also the Minutes showing the passage thereof.

WITNESS MY HAND with the seal of the Commissioners' Court, affixed this 5th day of October, 1927.

(Seal) FRANK R. YOUNG,
County Clerk and Ex-officio Clerk of the Commissioners' Court of Navarro County, Texas.

MISS MARGIE NEAL WILL BE BROUGHT TO CORSICANA SOON

Announcement has been made by Mrs. M. L. Mark, president of the City Federation of Women's Clubs, of a rate treat in Corsicana on the evening of Monday, Oct. 24, when Miss Margie Neal, Texas' only woman State Senator, and one of the leading club women of the State, will deliver an address on the subject of "The Ideal Community" at Carnegie Library auditorium. The address will be at 8 o'clock. There will also be a most pleasing musical program arranged as a special added feature for the evening. The address by Miss Neal and the musical program will both be entirely free to the general public.

Miss Neal, while being placed before the public of Texas and in fact the entire Nation on account of her activities in the political arena, her chief claim to fame lies in the fact that she is greatly interested in and takes a large part in the work of education and child work among the peoples of her native State of Texas. The fact that she is the first and only woman ever elected to a seat in the Senate of the Lone Star State is merely incidental to her great work in an effort to better the condition of the people of the State.

Long before she entered the race for senatorial honors, Miss Neal was known in her home section and far beyond its confines as the champion of education and the uplifting of humanity through the mediums of organized club work. She has labored unceasingly along these lines and her main activities while in the Senate during the last session of the Legislature were turned toward educational progress and the bettering of the conditions of the common people of the State as a whole.

It is just such an unselfish work as has characterized Miss Neal's past and present activities as the City Federation of Women's Clubs is now engaged in when it brings such a prominent and capable person as Miss Neal here to give her lecture on "The Ideal Community" to the citizenship of Corsicana at no cost to that citizenship. The women as a whole are back of this project to give Corsicana the best in all lines of endeavor. Every woman's club in the city is a part and parcel of the City Federation and all the individual members of these many clubs are backing Mrs. Marks and her efficient corps of officers in bringing Senator Neal and her message to Corsicana, her services as a lecturer and organizer of clubs being in constant demand.

Details of the address and program to be given on the evening of Monday, October 24, at Carnegie Auditorium, will be given as soon as completed arrangements have been made, it was stated.

CAMPAIGN TO FREE COUNTY RATS BEING PLANNED BY C. OF C.

In view of the reports from many parts of the county that rats and mice are unusually numerous this year and threatened to destroy large amounts of stored food and other property, the Chamber of Commerce is contemplating a rodent control campaign with the cooperation of various communities of the county some time in November.

L. C. Whitehead, rodent control expert in the Texas District of the United States Bureau of Biological Survey, was in Corsicana Wednesday afternoon at the invitation of the Chamber of Commerce to discuss the most effective ways of handling a campaign to fight these pests.

Rats are causing more concern in Texas this season than they have in several years, Mr. Whitehead explained. He has just made a survey of several North Texas counties and found that some farmers are losing from ten to thirty per cent of their corn and other food crops by these destructive pests. It is the hope of the Chamber of Commerce to have the campaign here directed personally by Mr. Whitehead or one of his assistants, although the demands from numerous counties may make it impossible to get the services of these specialists until sometime in December.

Later Campaigns Better.
According to Mr. Whitehead a campaign waged after cold weather sets in is more effective than earlier. Low temperatures drive the rats from the fields into barns and outhouses where control measures are more effective.

Where people are ready to fight the rat menace and are willing to co-operate, Mr. Whitehead said, the campaign gets very satisfactory results. As an instance he cited the case of Denton county where a public campaign largely through the school children resulted in the actual killing and counting of 153,000 rats.

It is found that the individual does not benefit greatly by killing rats about his own place, if an adjoining neighbor has a harboring place for rodents. The campaign will seek to enlist the whole county in a united effort to destroy these destructive pests.

According to the United States Department of Agriculture the rat is the worst animal pest in the world. The Department estimates that in the United States rats and mice destroy crops and other property valued close to \$200,000,000—a destruction equivalent to the gross pay of an army of 200,000 men.

The Department further stated that on many farms, if the grain taken and wasted by rats and mice could be sold, the proceeds would more than pay all the farmers' taxes.

County Agent Henry Gentry said that unless some additional steps are taken to control rats this winter the crop losses will be quite heavy in Navarro county.

SUPREME COURT REFUSES TO ORDER SALE SCHOOL LAND

By Associated Press.
Austin, Texas, Oct. 12.—The Supreme Court today denied the plea of Hudspeth, El Paso, and about three other West Texas counties for mandamus to force the Texas University board of regents to sell more than 1,000,000 acres of university lands in the counties suing.

Plaintiffs contended that the regents, allegedly "public officers" in the legal sense, are under jurisdiction of the Supreme Court and un-

Colds Checked
By modern vaporizing ointment—Just rub on
VAPORUS
ACTS 2 WAYS AT ONCE

der a constitutional obligation to sell the lands.

Representative J. H. Rogers, San Angelo, tried unsuccessfully through the last two legislative sessions to force sale.

Suit was brought by Hudspeth, El Paso, Martin, Reagan, Schleicher, and Upton counties.

TERRACING SCHOOL BE HELD IN ELLIS COUNTY MONDAY

An invitation to the farmers in the northern part of the county to attend a terracing school has been received by Henry Gentry, Navarro county agent. The school will be held on the Jerry Zagorka farm, a mile from Ellis on the Ennis-Corsicana road, just opposite where the Bardwell road branches off, Monday, October 17, under the direction of W. M. Love, Ellis county agent, assisted by Henry Gentry.

All branches of terracing work will be demonstrated and Gentry is urging the farmers in the northern end of the county to attend the school.

TEXAS RAILROADS WILL DEMONSTRATE STATE ATTRACTIONS

WILL SHOW VISITING RAIL- WAY MEN POINTS OF IN- TEREST IN BIG STATE

By Associated Press.

Dallas, Texas, Oct. 13.—Texas railroads demonstrate to the railroad commissioners of other states what they can do in the way of transportation when the National Association of Railroad and Utility Commissioners meet here October 18-21.

The entertainment feature of the meeting will be a three day rail trip to the interesting points of the state.

The announcement was made by the Texas Railroad Commission, whose members, Clarence A. Gilmore, Chairman; C. V. Terrell, and Lou A. Smith, were instrumental in bringing the convention to this state. The Texans are taking the opportunity of showing some of Texas' wonders to a large number of the leading railroad and utility executives of the country.

The Texas Commission's announcement of the trip says: "The trip will be without expense to those taking it, except the small cost of meals when not being entertained. This will not exceed \$10 per person for the entire trip, likely less."

"Those members from states whose laws forbid the use of free railroad transportation will not be placed in the slightest embarrassment since the transportation cost of the special train will be borne by the cities and localities visited and not by the railroad—they could not do so under the Texas Law."

"The trip will include a visit to the famous Rio Grande Valley of Texas on the border of Mexico where there are more than 50,000 acres of irrigated citrus fruit trees growing and a large portion producing superior fruit. The day's visit and entertainment there will conclude with a dinner in Matamoros, Mexico, across the river from Brownsville. The trip will also include Galveston and Houston, two of the greatest ports in the United States and each containing much of special interest."

"The special train will leave Dallas on the afternoon of Friday, Oct. 21, after the adjournment of the association, and will return to Dallas Tuesday morning, Oct. 25. There coming by New Orleans and Houston gateways will not need to return to Dallas, if they do not care to. Others may desire to go direct from Houston to their homes. Arrangements will be made for them to do so if they wish."

"The railroads are to co-operate to the fullest extent and the special train will demonstrate what the Texas carriers can do."

SOUTHERN PACIFIC LINES ANNOUNCE NEW APPOINTMENTS

The Southern Pacific Lines have announced the following appointments effective October 1:

Alvin C. Hedlund is appointed general agent, freight department, with headquarters, 35 West Jackson Boulevard, Chicago, vice John J. Hogan, resigned.

Joseph H. Desherow is appointed general agent, passenger department, with headquarters 35 West Jackson Boulevard, Chicago, vice Alvin C. Hedlund, promoted.

Robert R. Smith is appointed general agent, with headquarters in Metropolitan Life Building, Minneapolis, vice Joseph H. Desherow, promoted.

The announcement was made by E. W. Slapp, traffic manager.

RICHLAND

Special to the Sun.
Richland, Texas, Oct. 13.—Will Moore was a Corsicana visitor Wednesday.

Mrs. Gilbert went to Dallas Wednesday on business.

Jim Lichlyter and A. Z. Elkins of Corsicana were visiting in Richland Sunday.

Altha Capps and Eunice Gregory spent this week end with her mother, Mrs. Capps at Currie.

Walton Pierce worked at the National Bank last week while Mr. Richards attended court in Abilene.

Mr. Livingston went to Wortham Saturday on business.

W. P. Brown and family of Corsicana visited in Richland Sunday afternoon.

J. W. Garland and wife were shopping in Corsicana Monday.

Tyre Weinstead and Bill Ward were in Corsicana Wednesday afternoon.

Dr. A. N. Brown and wife were shopping in Corsicana Wednesday.

Mr. Adams has moved his family from the Richland oil field to Mexia where they will make their future home.

Ed Trotter of Tehuacana transacted business in Richland Monday.

Mr. and Mrs. R. C. Chism were the guests of Mr. and Mrs. Elmer Keith Sunday afternoon of Fursley.

Mrs. Bob Davis and son Cliff went to Corsicana Friday.

Miss Marie Wesson of Richland and Roy Hays, formerly of Richland but now of Corsicana, were married at the court house Monday afternoon.

Mrs. Arthur Plant and children Charles and Evelyn Jones, have returned to Florida to be with her husband.

Mrs. Forest Sandlin returned to her home in Harlingen after spending several weeks here with her father, W. F. Tucker and family.

Mrs. Ida Knight and children, Lottie and Coban, Mr. and Mrs. Lansford motored to Corsicana Monday.

Mrs. J. B. Ingie and daughter, Mrs. Earl Chunn, were shopping in Corsicana Monday afternoon.

Eddie Jones and Miss Myrtle Larre were married here Sunday afternoon by the Methodist pastor, Rev. Van P. Morrison.

Autie Tyner and family of Wortham spent Saturday night with their parents, Mr. and Mrs. L. A. McCord.

G. O. Gollightly, who is staying at Jacksonville, visited his family here last week.

Howard Pennington came in from Wink oilfield about a month ago very sick and we are sorry to say that his condition does not improve very rapidly.

B. M. Fluker went to Temple last week where he has been taking treatment.

B. M. Fluker, a gin man, reports about 75 per cent of the cotton ginned.

Mr. and Mrs. Ruel Bounds are the proud parents of a baby girl.

Mrs. H. R. Womack, and Mrs. E. M. Fluker entertained the Missionary ladies Monday afternoon with a social. After being served refreshments of hot chocolate and cake each returned home with the thoughts of a pleasant evening.

Mrs. Leon Moran and children of Eunice and Mr. and Mrs. Myrick of Corsicana were visiting relatives in Richland Sunday.

EMHOUSE

Special to the Sun.

Emhouse, Texas, Oct. 13.—There have been quite a few farmers picking cotton this week although the ground being so muddy has kept some out of the fields. Cotton in this section has been badly damaged by the continued heavy rains.

Miss Lizzie Byrd and Patty Hobbs spent the week end at their respective homes.

Mrs. W. J. Collins is spending several days with her daughter, Mrs. J. W. Russell of Barry.

Several Emhouse people attended the Ellis county fair at Eucla last week. The exhibits were reported quite good, especially the exhibits from the schools of the county.

O. L. Elkins was a Corsicana visitor Tuesday.

We are having a slight epidemic of mumps, principally among the school children.

Mrs. Johnnie Bonner has been visiting friends in Corsicana for a few days.

Messadmes R. M. Riley and Geo. Owen were Corsicana visitors Monday.

Mrs. C. W. Collins was shopping in Corsicana Monday.

C. H. De La Fosse of Corsicana was in Emhouse Friday on business.

The Emhouse gin company loaded a car of cotton seed for shipment Monday.

Mrs. George Dixon worked Saturday in Corsicana. She is employed by the F. W. Woolworth Co.

Misses Elizabeth Weathly and Annie Layle of Oneal and Messrs. Elvin Tinkle and Noel Hook attended the Ellis county fair last Wednesday night.

The Missionary Society of the Methodist church will present the playlet "How the Story Grew" Friday night at the High School auditorium if the weather will permit. There will be a small admission price charged and everyone is cordially invited to come out and enjoy the evening.

Messadmes J. W. Sharpley and W. T. Beard were Corsicana visitors Tuesday.

M. Montgomery was in Corsicana on business Monday.

We are glad to report little Betty Drain improved this week after her severe illness of last week. We hope to see her able to be at school again soon.

Mr. and Mrs. Kelly Anderson visited the Ellis county fair Friday night.

TWO LATERAL ROAD PLANS APPROVED BY CO. COMMISSIONERS

HIGHWAY SPECIFICATIONS CHATFIELD AND DRANE ROADS PRESENTED

At the afternoon session of the commissioners' court Wednesday, the plans and specifications of the proposed lateral roads toward Drane and Chatfield prepared by McClenahan and Purnell, county engineers, were discussed and explained. The plans were approved. The Chatfield road was outlined to the bridge on Chambers Creek. It is expected that the stakes and right-of-ways will be fixed within the immediate future preparatory to the grading and putting up of the dump.

These lateral roads will be of reinforced concrete, nine feet wide. The approach at the Chambers Creek bridge will be revamped and will be a better approach. It is expected that an asphalt topping will be put on the present slab in the bottom.

Wherever practicable, the present bridges will be used and wherever possible, the slab will be put on the present gravel road foundation, cutting down the expense of putting up the dump, etc. Some of the present curves are to be eliminated on the lateral roads, but where practicable, the present route will be maintained.

The application of Tax Assessor E. F. Wells for the appointment of Miss Helen Houston as deputy tax assessor at \$3.25 per day was approved and allowed.

LARGE HOME BURNS THURSDAY MORNING; LOSS REACH \$16,000

HOME J. W. LICHLYTER ON WEST THIRTEENTH AVENUE ENTIRELY DESTROYED

Fire of undetermined origin destroyed the home and garage of J. W. Lichlyter, 1200 West Thirteenth Avenue and threatened to wipe out an entire block of houses about 10 o'clock Thursday morning. No water was available to fight the fire for about thirty minutes after the alarm was sounded. Total damage will run about \$16,000.

The Lichlyter home was a two-story structure and nothing remained after the fire but the brick foundations and the chimneys. A saxophone belonging to Jimmie Lichlyter, Jr., was the only thing saved from the home. Neighbors had to force Mrs. Lichlyter to leave her home.

Lichlyter estimated his loss at about \$15,000 with \$9,000 insurance.

A rent house belonging to Lichlyter just off Thirteenth Avenue on Eighteenth and a Half street occupied by W. L. Bingham was scorched and considerably damaged done to the roof. Damage to the house will run about \$250; all of the contents of the house were gotten out, but were considerably damaged in the procedure. Bingham estimated his loss at \$150 to \$200.

With a strong wind blowing from the north, sparks and flaming embers were carried across Thirteenth Avenue and endangered the houses across the street forcing the occupants to mount the roofs and fight the fire with brooms and mops in order to save their homes.

This was the second fire within twenty-four hours. A two-room frame building in the 2300 block on West Third Avenue burning down about 5 o'clock Wednesday afternoon. The house was owned by W. M. Peck. Loss was estimated by Chief Elmer Keith at \$100. The fire is thought to have originated from boys smoking in the building. The house had been unoccupied for several years.

THREE UNMASKED MEN
SECURE ABOUT \$3,000;
ESCAPE NORTHWARD

A daring daylight bank robbery was staged at Richland Wednesday afternoon shortly before 3 o'clock when two bandits with drawn pistols entered the First State Bank, forced the cashier and assistant cashier to show them the money and then ordered the officials into the vault, escaping with approximately \$3,000 in currency and silver.

H. C. Davis, cashier, and J. G. Calame, assistant cashier, were the only ones in the bank when the bandits appeared. Two of the robbers entered the bank and the third remained with the car in which they escaped. The car was a yellow Buick roadster and answers the description of a car stolen in Mexico Wednesday morning, the property of Jack Womack, Jr. Calame is said to have a good description of the bandits.

Officers of both Navarro and Limestone counties were notified and started immediately in pursuit. The exact amount of money taken had not been announced at press time as a check had not been completed. The loss is fully covered by insurance and the bank will continue business as usual. Following the robbery the First National Bank of Richland offered the robbers bank any assistance they could render.

A. A. Allison, who had gone to Richland on business, arrived immediately after the bank was robbed. He stated that he met three men in a yellow Buick roadster, which was described as the car in which the bandits fled from the scene of the robbery. Mr. Allison met the car about one and one-half miles north of Richland and he stated that other parties from Corsicana met the same car in the Richland creek bottoms a few minutes later. Officers were closely pursuing the car, he said.

In describing the incident Mr. Allison said that the men appeared at the bank a few minutes before 3 o'clock, all unmasked, and forced H. C. Davis, cashier and J. G. Calame, assistant cashier into the vault. They then scooped up all currency in sight and took some silver. About \$3,000 is the amount thought to have been taken, no check on the amount missing had been made when Mr. Allison called the Daily Sun by long distance phone.

Mr. Allison stated that the bank was located on one of the prominent corners of the city but at the time of the robbery there were no customers in the bank. One man was standing in front of the bank but did not realize what was going on until it was too late to take any action.

Three men were in the Reeves hardware store a few minutes before the robbery looking at some guns. It is now thought by the citizens of the town that the men were then making a survey of the situation preparatory to robbing the bank.

COUNTY AGENT AND
EMHOUSE BOY ATTEND
FARM BOYS MEETING

Henry Gentry, Navarro County Farm Demonstration Agent, and Clarence Brown of Emhouse, attended the annual encampment of the Farm Boys' Club at the State Fair of Texas Tuesday, returning in the evening reporting a great time. Original plans called for a number of boys to make the trip but the majority of the schools in the county have just opened and the majority of the boys were unable to miss the instruction at this time.
More than 450 boys had registered Tuesday evening, according to Gentry, and more were coming. The camp will end Thursday evening. The morning sessions are taken up with group and individual instruction and lectures, while the afternoons and evenings are devoted to entertainment.
Following the group instruction Tuesday, the boys were taken for a trip through the Adolphus Hotel, inspecting the hostelry from basement to roof, and seeing at first hand the operation of a modern hotel. This was followed by a theatre party at the Majestic. Transportation was furnished by the International Harvester Company.
Elbert Gentry, Smith county agent, and a brother of Henry Gentry, was elected president of the Texas Exhibitors' Association at a meeting of the association Tuesday.

LOCAL DELEGATES RETURN FROM MEET STATE ODD FELLOWS

W. T. Parker returned from Amarillo Thursday, where he has been attending the sessions of the Grand Lodge, Independent Order of Odd Fellows. Geo. W. Hawkins, superintendent of the I. O. O. F. Home here returned ahead of Mr. Parker and E. A. Johnson stopped off in Dallas en route home. Mr. Parker reports a profitable and largely attended meeting with Odd Fellows present from all parts of the State.

The following concerning the encampment appeared in the Amarillo Globe Wednesday, the closing day: The grand encampment, Patriarch and department council, Canton of Texas, Independent Order of Odd Fellows, adjourned their annual sessions at noon today, after executive sessions of both organizations were held this morning. The three day convention here is pronounced one of the most successful ever held. The bodies adjourned to meet at Galveston next October in deal session.

F. E. Walker, brigadier general of the Canton will represent the grand bodies at the Sovereign Grand Lodge meeting, Montreal, Canada, in September.

Election of officers and the selection of the next meeting place were the features of yesterday's session.

Delegates and visitors to the meetings here are leaving today for their homes over the several parts of the State.

The following resolution concerning the Amarillo meeting was unanimously adopted at the closing session this morning:

"To the Grand Encampment, I. O. O. F. of Texas:

"Journeying through life we learn to regard as one of our first and first pleasures kindness and service to others, and the gracious privilege of such service. One other great privilege is to receive the kindness, service and favor of others and to be deeply appreciative of all."

Your committee find today that this Grand Body deeply appreciates the great kindness, the untiring service, the many favors conferred upon us individually and collectively, during our sojourn in this splendid city of the Western Plains.

"When a year ago Amarillo was selected as our meeting place, none understood nor could they anticipate the joy and pleasure of these few, all too short, days. Some may have begun a long journey reluctantly—now, however, they are loath to leave, time has flown and we have reached the parting of the ways, parting, many of us, for one more year."

"Your committee feels deeply indebted, deeply grateful to all, and we are sure every member of this body feels as we do. Therefore, be it resolved:

"That, a rising vote with our heartfelt thanks be extended to:

"Brigadier General F. E. Walker and his stalwart workers of Canton Amarillo, No. 14.

"To the membership of Amarillo Encampment No. 17.

"To Amarillo Subordinate Lodge No. 419.

"To Queen City of the Plains, Rebekah Lodge No. 222.

"To Memphis Encampment No. 60.

"To Patriarch Elmer Anderson and the membership of Plainview and neighboring cities.

"To the press of Amarillo, the Herring hotel, Kiwanis, Lions, and Rotary clubs, and to all citizens."

"To Rev. Stuckey and congregation of the First Methodist church for their splendid assistance and presence at our annual memorial service, and to our Brother Caldwell for his wonderful address on that occasion."

"To the Hon. Walker Hall, and all who participated in the great welcome extended to us, and to any and all others who in any manner or form, assisted in making our visit the most enjoyable session in years."

"And, mindful of the fact that He who notes the sparrows fall and doth all things for good, privileged us to meet again in annual session, we return our appreciation to Him in prayer. We pray God bless you and keep you. May the light of His fatherly countenance shine upon you and give you peace forevermore."

Signed: W. R. FRANCIS, H. J. EDMUNDS, HARRIS FIRSTBROOK, Committee."

ELABORATE PLANS MADE. INAUGURATE COLLEGE PRESIDENT

Special to the Sun. Mexia, Texas, Oct. 11.—Elaborate plans are being made at Tehuacan, near here, for the formal inauguration of Rev. C. O. McMillan as president of Westminster College on November 1. This date has been set by the Board of Education of the Methodist Protestant church, which operates the junior college.

Dr. H. H. Price, of Pittsburgh, Pa., former president of the college, will be the principal speaker at the inauguration. Dr. Frank W. Stephenson, executive secretary of the educational board of the church, and a large number of other officials of the church and visitors from other colleges will be at the Westminster for the ceremonies.

Mrs. Y. H. O'Neill, who has been in the Corsicana Hospital and Clinic for several days, was able to be moved to her home Thursday.

MISSOURIAN TALKS POLITICS WEDNESDAY STATEWIDE RALLY

By Associated Press. Sedalia, Mo., Oct. 12.—"The times are ripe and rotten ripe for change" in the national administration, Senator James A. Reed of Missouri declared here today in an address at the state-wide Democratic rally.

The Senator, regarded as a possible candidate for the Democratic nomination for president, outlined his views on the issues of the 1928 presidential campaign and declared the need today was "an American administration that thinks only in terms of America and labors for the interest of our people."

Senator Reed made plain that he spoke only for himself and did not arrogate to himself the right to speak for the Democratic party. He assailed the Harding and Coolidge administrations, declaring that on the day President Harding took office, "sinister financial conspiracies to intents and purposes took possession of the government, and have ever since exercised a dominant control."

The foreign debt settlements, the Treasury and corrupt elections all came for a denunciation by the Senator.

Pleading for harmony in Democratic ranks, Senator Reed declared: "We must put aside matters which are near to the hearts of many. If everybody tries to have his own way in all things, nobody will have his way in anything."

Fads, fancies, and experimental theories should be discarded. We should pitch our tents in the old camp of Democracy.

"Let us rally our forces to the flag of the Constitution. Let us fight beneath banners proclaiming: 'The inalienable rights of the citizen, criticism or obloquy; 'The right of every man to worship God according to the direction of his own conscience, and that 'None shall make him afraid.'"

"The right of free speech, free press and peaceable assembly."

"The right of each citizen to regulate his own personal conduct—chart his own course of life—determine his own habits and to control the affairs of his own household, free from all restraints, save that in the exercise of these natural privileges we will not interfere with the rights of others."

"Let us reassert the truth of the doctrine that: 'If this people are to remain free, local self-government and the sovereignty of the states must be preserved.'"

"The federal power should be brought within the limits within of the letter but also within the spirit of the constitution."

"The march of centralization must be arrested."

"Government by boards and bureaucracies must cease."

"Let us demand— 'The honest administration of government.'"

"The swift and sure punishment of all public plunderers, bribeholders, and other malefactors."

"The equalization of the bureau of taxation."

"The repeal of all laws creating special privileges."

"The dismissal of an army of spies, snoopers, snags and informers."

"The liberation of honest business from oppressive interference by government agents."

"The prosecution and punishment of those who by trusts, combinations and restraints of trade, make war on honest business and despoil the people."

"Let us advocate the American doctrine, which places the interests of our country and our people above any and all other countries or peoples; which tolerates no divided allegiance; which aims to make American citizens the freest, happiest and most prosperous people of earth; and which rejects all policies calculated to imperil the rights of the United States."

"Let us demand that the government shall in all proper ways assist in the development of the natural resources of the land—that it shall immediately develop and execute a plan to control and conserve our great inland waters; harness their power; develop the arid lands of the West; protect the great Valley states from inundation; and place upon our mighty rivers and lakes argosies which will bear an immense commerce thus commercially uniting the interior United States with the Panama Canal."

"We should insist upon the encouragement and development of a great merchant marine which will not only carry our commerce to all parts of the world in American ships and beneath the American flag, but which will also strengthen our defense upon the seas in case of war."

"Our demand should be for honest elections—the jailing of every rogue who pollutes the ballot, the expulsion from office every man whose title is tainted with fraud, or whose certificate was obtained by corrupt methods whether practiced by himself or in his behalf."

"If we are to achieve these ends, we must concentrate our efforts. We must put aside matter which are near to the hearts of many."

"If anybody tries his own way in all things, nobody will have his way in anything."

"We shall lose the great issue by disputing over matters of less moment and end by losing all."

"There will be arrayed against us every man who grows rich through the tariff—every great tax dodger—every penny seeker after special privileges—the great forces willing to buy elections that they may profit by the purchase."

"The battle will require every ounce of our strength—the united efforts of all Democrats who be-

NO DEVELOPMENTS CONNECTION WITH FARM LEGISLATION

By Associated Press. Washington, Oct. 11.—The brief statement that there have been no special developments regarding farm legislation was made today at the White House.

This is the first time that even the slightest discussion of the controversial farm relief problem has been indulged in at the White House since the close of the last Congress and just what significance could be attached to the statement seemed problematical.

Mr. Coolidge last year vetoed the McNary-Haughen agricultural bill and while he looked forward with some hope last spring to the efforts of Chairman McNary of the Senate Agriculture Committee to investigate the farm relief situation, there has been no indication that Mr. Coolidge has changed his views or has any plans for a compromise measure to be presented to the next Congress.

Congressman Says Deadlock Looms

By Associated Press. Omaha, Neb., Oct. 11. Congressman Walter H. Newton of Minneapolis today predicted that a deadlock over farm relief legislation either in Congress or between that body and President Coolidge, would ensue at the next session.

Speaking before the National Grain Dealers' Association, Congressman Newton declared:

"It is certain that farm relief is a most difficult problem and that it should be considered only through frank discussion and thorough deliberation."

GOT RID OF POISON

Kentuckian Finds Black-Draught a Great Aid In Relieving Constipation, and Soon Feels O. K.

Catlettsburg, Ky.—Mr. Miles Hopkins, of 1218 Center Street, this city, says:

"There was a time when my health was not so good. I suffered a great deal from gas pains. My system was saturated with poison which was not properly eliminated. From time to time I had severe headaches, and I felt sluggish and dull."

"I knew of Black-Draught as a medicine for constipation, so I thought I would try it. For a while I took a small one every night until my system was rid of the accumulated poison."

"I gained in weight and my general health was good. That experience made me realize the merits of Black-Draught. I kept it in my home and when I begin to feel lifeless and dull, I take a dose, after which I feel O. K. again."

"People generally do not realize the risk they take in allowing constipation to run on. I try to keep my system cleaned, and I find Black-Draught a great aid in doing this."

PAVING WORK IS BEING CONTINUED ON MANY STREETS

streets under the bond issue voted several months ago is still under way. There have been many streets paved and work is progressing on a number of streets at the present time, with still other streets to be paved in the near future. A paving work is being finished up on East Third Avenue, South Seventh street and East Seventh avenue. Work has recently been completed on Sycamore avenue and that street opened to traffic.

The work of paving South Main street is progressing rapidly. This street will be paved from Seventh avenue south to the Corsicana Cotton Mills and will open this street to heavier traffic, as it is the direct route from the business district to the southern part of the city, especially the Cotton Mill district and farther south. The municipality recently secured by the Southern Pacific to prevent the building of a certain kind of a culvert under the tracks on South Main has been settled by agreement and the work is expected to be rushed to completion.

East Third Avenue has been paved from Commerce street to Seventh street. Seventh street has been paved from Third Avenue to Ninth Avenue, one block south of the Cotton Belt Railway. East Seventh Avenue has been paved from Ninth to Seventh street.

After the completion of the paving South Main Street there will be only two streets remaining that have been ordered, and these are only one block in each instance, that of 21 1/2 street will extend between Fourth and Fifth avenues, along the west side of the city.

In the great doctrines to which I have referred, but their sincere and harmonious advocacy will bring to our standard millions of honest Republicans and Independents who like us, desire honesty in government and a return to the sound principles of liberty, equality and justice established by the Fathers.

USED CARS

"with an OK that counts"

Look For the Red "O. K." Tag

After we have thoroughly reconditioned a used car, we attach a red "O. K." tag to the radiator cap.

This tag certifies that the vital units of the car have been gone over completely by expert mechanics and put in condition to give thousands of miles of additional service. It takes all the "guess-work" out of used car buying.

Look for this tag when you buy a used car—for it is your guarantee of quality and value!

QUALITY AT LOW COST

STATE AND FEDERAL HIGHWAY AID GRANTED TO NAVARRO COUNTY

The Navarro county delegation in the interest of securing State and Federal aid for the State and National Highway through Navarro county north and south appeared before the State Highway Commission in Austin Monday and aid in the sum of \$370,784 was allotted Navarro county. This is two-thirds of the cost for the putting up the dump and drainage system on 32.5 miles from the Ellis county line to the Freestone county line. This road is known as National Highway Number 75 and as State Highways Numbers 14 and 32.

This highway traverses Navarro county north and south and is within Consolidated Road District Number 1, which recently voted bonds in the sum of \$2,690,000 for a system of concrete roads. The allotment allowed by the State Highway Commission is two-thirds of the cost for the dump, drainage, etc. of the highway. Navarro county to bear one-third of the cost. This was on project number 1. Projects are numbered 1 and 2 on highways for aid, project 1 being the dump and drainage systems and after the dumps and drainage systems have been completed, the project 2, which includes the topping and road proper, is taken up.

After the dump and drainage systems on the roads have been completed and allowed to set, in the event that the roads come up to the specifications of the State and Federal engineers, additional aid on the construction of the roads will probably be allowed.

County officials were well pleased Tuesday with the success of the delegation Monday.

It will take considerable time to put in the dumps, and bridges, it being probably two and one-half years before the time for the actual pouring of the concrete will be allowed to be started.

The National Highway Number 75 is the national highway from Canada to the gulf coast.

County Engineers McClellan and Purnell have been making preliminary surveys for some weeks in Consolidated Road District No. 1.

The delegation representing Navarro county before the Highway Commission Monday included Jack Megarity, commissioner of precinct No. 1; A. B. Purnell, county engineer; C. L. Jester, J. E. Butler and J. L. Halbert, good roads enthusiasts.

CONTEST ANNOUNCED FOR BETTER LIVING ROOMS FARM HOMES

Following up the 1927 campaign for better kitchens in rural communities, a new contest for better living rooms has been inaugurated by the Extension Service of Texas A. & M. College and the United States Department of Agriculture co-operating, and the Dallas Semi-Weekly Farm News. The contest will be conducted by the extension department and under the direct supervision of the county home demonstration agents.

The prizes for the contest will be furnished by the Semi-Weekly Farm News. Any farm woman may enter the contest by filling out a registration card and sending it to her county demonstration agent. The cards must be filled out in time to reach the state committee chairman by December 1, 1927.

Two divisions of the contest are open, the first class being the greatest improvement with cost not exceeding \$25.00 and the second class those over \$25.00. Each entrant must designate the class which they desire to enter at the time of registration; however, she may change from one to another class with the consent of her home demonstration agent.

Items which will count in the contest will be story of activities, simple floor plan before improvements, floor plan after improvements, kodak pictures before and after work, list of improvements, use of material on hand, gifts and value of each, voluntary labor performed, and cash expenditures.

Further information concerning the contest may be secured from Miss Elma Lawson, county demonstration agent, at the Chamber of Commerce.

COTTON ESTIMATED NINETY PER CENT OUT BI-STONE AREA

Special to the Sun.
Mexico, Texas, Oct. 11.—Cotton in the "Bi-Stone Empire," Limestone and Freestone counties, is estimated 90 per cent harvested with about 50,000 bales ginned in the district. Heavy rains during the past week have severely damaged cotton and considerable of the cotton coming in is strict low, while the grade has been middling and strict middling throughout August and September.

A check on the principal markets of the district showed the following receipts to Saturday:
Mexico 3,795; Groesbeck 5,578; Thornton 5,500; Teague 3,820; Kosse 3,545; Coolidge 4,605; Tehuacana 1,161; Wortham 3,924; and Fairfield 2,145 bales.

Many farmers are reported holding their cotton for higher prices and about half of the cotton being received is being sold at the yards immediately.

There was a general rain Friday and Saturday of more than one inch over the district.

Read the Sun—get all the news.
